

 0.70 ac | 30,492 sq. ft

Nestled on the unspoiled east coast of Antigua, The Peninsula Development offers a rare opportunity to own prime waterfront land in a quiet, secure, and breathtaking location. Each plot, many with direct access to the water, forms part of a thoughtfully planned development that emphasizes privacy, natural beauty, and traditional West Indian design. With generous lot sizes, often close to one acre, the area caters to those who value space, tranquility, and uninterrupted sea views.

Unlike bustling resort zones filled with noise and crowds, The Peninsula embraces peace and seclusion. From your private dock, you can launch a boat and glide across the calm, clear waters of Belfast Bay.
